# ANNOUNCEMENT.

**I**N PRESENTING this Catalog of my first public sale, it is at least a satisfaction to feel that I can submit for public inspection a very select lot of cattle, both from the standpoint of breeding and of individual merit. Realizing as I do that the end of all beef cattle is the block, my aim has been to produce a class of cattle that will give the greatest return for feed consumed. My motto has always been "Good pedigree with individual merit."

My herd has now reached such a proportion that I feel called upon to dispose of some of them. I believe every animal cataloged to be a breeder, and guarantee same, but assume no liability for loss or damages of any kind while the individuals are in the hands of the purchaser. A cow shall be considered a breeder if she has at foot a calf, or a cow that has remained quiet for three full periods from the date of last service. No habitual abortor is included in this sale. A heifer that has never been bred shall be considered a breeder. All bulls old enough for service shall be considered breeders, when not being allowed to run at large with breeding herd. If any of them should fail to breed in the time of three months after date of sale, purchaser may return the same and money will be refunded. Certified pedigrees and breeding list on day of sale.

The sale will be held under cover at Evergreen Park Farm, at Greenfield, Adair county, Iowa. Greenfield is located on the C., B. & Q. branch from Creston, Iowa. All trains will be met and free conveyance given to and from farm. Also will meet trains on the main line of the Rock Island at Stuart and Casey Oct. 16 and until 10:30 a. m. Oct. 17. Free entertainment will be given at the Green Hotel.

TERMS—Cash, or six or twelve months' time on approved notes bearing 7 per cent interest. Those wanting credit—who are not personally known to me—are requested to bring bank references.

All telegraphic or mail bids can be sent to the auctioneer in my care. They will be treated fairly. Stock will be put on board cars free of charge, but will be at purchaser's risk after bid off. Lunch will be served at 12 o'clock and sale will commence at 1 p. m. E. FUNKE.

**The Lavenders**—are everywhere conceded to be one of the very first of the Sittyton tribes. Their origin is the same as that of the Lancasters, from which Mr. Pickrell's great bull, Imp. Baron Booth of Lancaster, was bred, and many of the most valuable cattle ever brought out from Scotland have borne the Lavender name. Probably the grandest cow ever owned by Col. Harris at Linwood was Imp. Lavender 36th of this same family. One of the greatest of the champion show bulls of England in recent years is Count Lavender, the property of Mr. Deane Willis. As a class the Lavenders are distinguished for their finish, flesh and quality.

**Lord Hampton**—Got by Imp. Merry Hampton 132572, out of Lavender of Oakland 3d by the Cruickshank bull Imp. King of Aberdeen 75747; Lavender of Oakland 2d by Proud Duke 36660; Imp. Lavender 31st by Barmpton (37763).

**Imp. Merry Hampton**—Acknowledged to be one of the greatest breeding bulls ever imported—one whose sons and daughters are producing champion prize winners. He belongs to a branch of Mr. Marr's Missie tribe. His two grandsires were those distinguished bulls, Field Marshal and William of Orange. It will thus be observed that his great breeding qualities are not a matter of chance but of inheritance.

The Belina family is the commingling of the three great families, Red Rose, Wildair, and Duchess. Imp. **Imp. Gem**—Is one of Kentucky's most favorite families of Short-Horns. The veteran breeder, Wm. Warfield, of Lexington, Ky., after breeding them for twenty years said, "For beef and milk combined I have never bred so good a family." Gem was imported in 1853 by the Kentucky Importing Co. and sold at their sale the same year to Cunningham & Vanmeter for \$825. Medora was a great show cow and a breeder of show animals. A competent judge said one of the most interesting sights he ever saw at an agricultural exhibition was on the show grounds at Otley, when the famous Booth cow Medora by Ambo was led around the ring, followed by her six daughters, all of them, as well as the mother, decorated with prize ribbons.
